MANY GOING TO CIRCUS

Lexington Will Be Well Represented in Kansas City On Monday, July 25.

The Barnum and Bailey Greatest Show on Earth is the powerful magnet that will draw thousands of people from Lexington and vicinity on Monday, July 25, to Kansas City. The railroads will make a special low rate and excursions will be run.

A glance at the list of features offered by this circus discloses many wonders. Jupiter, "the Balloon Horse," takes a trip to the dome of the tent and come back to earth amid a shower of fireworks. Desperado, a rash Frenchman, dives from the top of the arena to the ground, lighting on his bare chest. Charlie the First, a chimpanzee, presents a greater bicycle and aerobatic act than any man ever achieved. A company of fifty clowns creates incessant laughter. A member of the Siegrist-Silbon family of aerialists, blindfolds his eyes and leaps across the entire width of the arena, turns a double somersault on the way and catches the wrists of a comrade who hangs head down from a flying swing. The Abreu family of Mexican gymnasts introduce a great novelty act. Berzac's horses present an amusing play, the scene of which is laid in a country inn. One horse plays landlord and another is the town constable. The other horses make very amusing boarders. Paula Peters' monkey and dog circus holds the attention of the audience for half an hour. A mastiff villian sets fire to the hero's cottage. The dog fire department responds. The captain climbs a ladder and rescues Miss Poodle and an ape detective puts the villian in a cell. Other notables are the Konyot family of riders, the La Faille family of world's strongest men. Winston equestrian seals, the Dollar family of acrobats, and Victoria Codona, the greatest high-wire artist in the world.

In the menagerie are to be found 1,200 rare wild animals. Among them is Bumbeeno, the only giraffe ever born or exhibited in America. It is but three feet high and worth its weight in gold. There are forty elephants, 700 horses and 1,280 employees. The show travels on a train over a mile in length. The forenoon parade is the most gorgeous affair ever offered by a circus. It cost \$1,000,000.
